*The Happiness app for everyone!*

### ✓ Ten Step guide to setup the Happimeter

- 1) Download the Pebble App from your Smartphone App store
- 2) Open the app and create a pebble account
- 3) Switch on your **Bluetooth** connection! Connect your Pebble smartwatch with the smartphone by clicking on the **Pebble 2** button **IN the Pebble app**. Your Pebble should vibrate automatically once it is ready to pair. **Note!** If you have troubles connecting your Smartwatch to the Pebble app try to close and reopen the Pebble app. If your Pebble app says, that it is not possible to connect your Pebble watch with the smartphone, click on the retry button and try again
- 4) Hold your Pebble watch close to your smartphone. Once your watch vibrates, it is ready to pair.
